Apprenticeship

Level 3 Standard

Apprenticeship Journey

Employer

Supporting the apprentice with regular progress reviews, work based training and time to complete apprenticeship tasks during the working day.

Apprentice

Attending all training and coaching sessions, submitting work set on time and providing evidence of knowledge, skills and behaviours.

Apprentice & Employer

The apprenticeship journey consists of many different stages, below we have provided more information on some of them :

ENGAGEMENT

Firstly, we need to ascertain employer needs and objectives and evaluate all training options. If apprenticeships are chosen, we will then establish which Apprenticeship Standards are most suitable for the organisation and its employees.

NOMINATION

Following the engagement process, employers are encouraged to put forward names (nominate) staff members who have shown an interest in undertaking an apprenticeship.

INITIAL ASSESSMENT – LINE MANAGER

A meeting between the Subject Specialist and the Line Manager takes place to ensure knowledge skills and behaviours as required by the standard align with apprentice's role and line managers' ability to support the apprentice. The apprenticeship bespoke Training Plan will start being prepared.

INITIAL ASSESSMENT – APPRENTICE

A meeting between the Subject Specialist and the apprentice takes place to ensure knowledge skills and behaviours as required by the standard align with apprentice's role and to ensure that the apprentice has a full and informed understanding of the apprenticeship prior to enrolment. The apprenticeship bespoke Training Plan will start continue being planned.

FUNCTIONAL SKILLS – MATHS AND ENGLISH

Maths and English at Level 1 or 2 are a requirement of all apprenticeships, before enrolment an apprentice will either provide certificates of prior attainment or complete an indicative assessment on BKSB (online Maths & English initial assessment program).

START DATE IS CONFIRMED AND TRAINING BEGINS

PROGRESS REVIEWS

These are conducted at 12 week intervals with the line manager and apprentice. These are designed to check on apprentice progress, provide support to employer and apprentice, ensure all apprentice training is being delivered and set apprenticeship objectives for the next 12 weeks.

Initial Assessment

Before the employer, the line manager and the apprentice commit to an apprenticeship it is crucial to ensure that the right apprenticeship, at the right level, is selected.

This first step is conducted with the Subject Specialists, it usually takes place via a video call and lasts approximately 30-40 minutes.

Line Manager

This initial time commitment is an investment in the future, it ensures apprenticeship relevance to the apprentice's role and it significantly increases success rates.

INITIAL ASSESSMENT - LINE MANAGER

Conducted between the Line Manager and the Subject Specialist.

The Line Manager will have an understanding of the apprentices' roles and responsibilities, whilst the Subject Specialist will have an in-depth understanding of the apprenticeship requirements.

During the call, each area of the apprenticeship is considered in the context of its relevance to apprentices' current role, the knowledge that will be taught, the skills and behaviours that the apprentice will need to demonstrate.

The apprenticeship requires ongoing commitment from the Line Manager, this process raises their awareness of apprenticeship requirements from the outset. Other requirements such as Off the Job Training (OTJ) and IT requirements are also addressed.

Apprentice

Apprentices are required to complete Initial Assessments relevant to their preferred apprenticeship and Initial Assessment in Functional Skills Maths and English.

INITIAL ASSESSMENT - APPRENTICE

Conducted between the Apprentice and the Subject Specialist.

Each area is considered in detail and requirements explained to the apprentice. The apprentice is asked to explain their current understanding of the subject matter. Based on their answers the Subject Specialist will rate the apprentice's current ability. These results are used to record the Prior Learning Recognition (PLR) which in turn is used to calculate the OTJ hours required for the duration of the apprenticeship. If the PLR is at a considerably higher level, a higher level apprenticeship is likely to be recommended.

Mathematics and English functional skills at Level 1 are required for all Level 2 apprenticeships and Level 2 functional skills are required for all apprenticeships at Level 3 and above. If the apprentice does not have certificates of prior attainment, they will need to complete Functional Skills Initial Assessments prior to enrolment.

Business administrators have a highly transferable set of knowledge, skills and behaviours that can be applied in all sectors. This includes small and large businesses alike; from the public sector, private sector and charitable sector. The role may involve working independently or as part of a team and will involve developing, implementing, maintaining and improving administrative services. At Gateway meeting, using the portfolio of evidence the employer and assessor will agree that the portfolio of evidence and the EPA elements are complete or prepared for and meet the requirements of the standard.

End Point Assessment

The EPA consists of three elements, all of which may be completed online. All assessment methods need to be passed. Each assessment method should directly assess the knowledge, skills and behaviours of the Standard. The assessor has the final decision.

Knowledge Test

The apprentice undertakes a multi-choice test to last a maximum of 60 minutes and include 50 equally weighted multi-choice questions with four possible answers each. The assessment should typically be passed before the apprentice progresses to the interview and presentation. The test is to be completed online and requires invigilating.

Portfolio Based Interview

The interview is for 30-45 minutes and graded by the Independent End-point Assessment Organisation (EPAO). The Portfolio of Learning provides a structure for this conversation. The Portfolio should provide at least one piece of evidence for each of the minimum KSBs outlined in the Assessment Methods and Grading annexed table. This should be submitted to the EPAO a month prior to interview. The training provider should support where needed. The employer and training provider should review the Portfolio with the apprentice and make a judgement on whether they should be progressed to EPA.

Project Presentation

The apprentice delivers a presentation to the EPAO on a project they have completed or a process they have improved. The presentation lasts 10-15 minutes, with a further 10-15 minutes for a Q&A session. The project is completed from month 9 of the apprenticeship and should be completed prior to EPA being triggered. The project is submitted to the EPAO and they provide a question to answer in the presentation

A progress review is a 12-weekly contractual monitoring meeting between the line manager, the apprentice and the tutor

Progress

Progress between the review and the current review is recorded in a table and the RAG rating is implemented.

Reflection

The apprentice is required to reflect on the past 12 weeks by stating what new knowledge and skills they have learned and explained what the impact of this learning has been.

Wellbeing

The focus is not only on progress but also on the welfare of the apprentice, monitoring their health and safety and equality of opportunity.
