Apprenticeship Journey

Employer

Supporting the apprentice with regular progress reviews, work based training and time to complete apprenticeship tasks during the working day.

Apprentice

Attending all training and coaching sessions, submitting work set on time and providing evidence of knowledge, skills and behaviours.

Apprentice & Employer

The apprenticeship journey consists of many different stages, below we have provided more information on some of them :

ENGAGEMENT

Firstly, we need to ascertain employer needs and objectives and evaluate all training options. If apprenticeships are chosen, we will then establish which Apprenticeship Standards are most suitable for the organisation and its employees.

NOMINATION

Following the engagement process, employers are encouraged to put forward names (nominate) staff members who have shown an interest in undertaking an apprenticeship.

INITIAL ASSESSMENT – LINE MANAGER

A meeting between the Subject Specialist and the Line Manager takes place to ensure knowledge skills and behaviours as required by the standard align with apprentice's role and line managers' ability to support the apprentice. The apprenticeship bespoke Training Plan will start being prepared.

INITIAL ASSESSMENT – APPRENTICE

A meeting between the Subject Specialist and the apprentice takes place to ensure knowledge skills and behaviours as required by the standard align with apprentice's role and to ensure that the apprentice has a full and informed understanding of the apprenticeship prior to enrolment. The apprenticeship bespoke Training Plan will start continue being planned.

FUNCTIONAL SKILLS – MATHS AND ENGLISH

Maths and English at Level 1 or 2 are a requirement of all apprenticeships, before enrolment an apprentice will either provide certificates of prior attainment or complete an indicative assessment on BKSB (online Maths & English initial assessment program).

START DATE IS CONFIRMED AND TRAINING BEGINS

PROGRESS REVIEWS

These are conducted at 12 week intervals with the line manager and apprentice. These are designed to check on apprentice progress, provide support to employer and apprentice, ensure all apprentice training is being delivered and set apprenticeship objectives for the next 12 weeks.

Initial Assessment

Before the employer, the line manager and the apprentice commit to an apprenticeship it is crucial to ensure that the right apprenticeship, at the right level, is selected.

This first step is conducted with the Subject Specialists, it usually takes place via a video call and lasts approximately 30-40 minutes.

Line Manager

INITIAL ASSESSMENT - LINE MANAGER

Conducted between the Line Manager and the Subject Specialist.

The Line Manager will have an understanding of the apprentices' roles and responsibilities, whilst the Subject Specialist will have an in-depth understanding of the apprenticeship requirements.

During the call, each area of the apprenticeship is considered in the context of its relevance to apprentices' current role, the knowledge that will be taught, the skills and behaviours that the apprentice will need to demonstrate.

The apprenticeship requires ongoing commitment from the Line Manager, this process raises their awareness of apprenticeship requirements from the outset. Other requirements such as Off the Job Training (OTJ) and IT requirements are also addressed.

This initial time commitment is an investment in the future, it ensures apprenticeship relevance to the apprentice's role and it significantly increases success rates.

Apprentice

INITIAL ASSESSMENT - APPRENTICE

Conducted between the Apprentice and the Subject Specialist.

Each area is considered in detail and requirements explained to the apprentice. The apprentice is asked to explain their current understanding of the subject matter. Based on their answers the Subject Specialist will rate the apprentice's current ability. These results are used to record the Prior Learning Recognition (PLR) which in turn is used to calculate the OTJ hours required for the duration of the apprenticeship. If the PLR is at a considerably higher level, a higher level apprenticeship is likely to be recommended.

Mathematics and English functional skills at Level 1 are required for all Level 2 apprenticeships and Level 2 functional skills are required for all apprenticeships at Level 3 and above. If the apprentice does not have certificates of prior attainment, they will need to complete Functional Skills Initial Assessments prior to enrolment.

Apprentices are required to complete Initial Assessments relevant to their preferred apprenticeship and Initial Assessment in Functional Skills Maths and English.

Gateway and EPA

EPA Weighting

Presentation

Professional Discussion

50%

At Gateway meeting, using the portfolio of evidence the employer and assessor will agree that the portfolio of evidence and the EPA elements are complete or prepared for and meet the requirements of the standard.

Presentation

Setting the presentation title post-gateway ensures the reliability and validity of the EPA, and the period between the apprentice's submission and the actual assessment, allows the independent assessor to prepare appropriate questions pertinent to the presentation. The presentation will allow the apprentice to demonstrate their knowledge, skills and behaviours relating to the KSBs assigned to this assessment method, allowing the independent assessor to draw these out, and to assess performance against the distinction criteria. Questions and answers following the presentation must seek to assess KSBs not evidenced through the presentation and/or depth of understanding to assess performance against the distinction criteria.

Professional Discussion

This assessment will take the form of a professional discussion which must be appropriately structured to draw out the best of the apprentice's competence and excellence and cover the KSBs assigned to this assessment method. Questioning should assess the KSBs assigned to this assessment method and the apprentice may use their portfolio to support their responses. This assessment method was selected as a valid way to assess the KSBs. A professional discussion is not simply a question and answer session but a meaningful, in-depth two-way dialogue between the apprentice and the independent assessor. It allows the apprentice to use standardised questions and scenarios as a starting point to explore their own practice and experiences with the independent assessor to show how they demonstrate the occupation's KSBs and that they are occupationally competent. A professional discussion is a well-recognised method of checking knowledge, skills and behaviours.
